Title: Introduction of Ordinance to Adopt 2010 California Building Standard Codes and amend City of Grass Valley Municipal Code, Title 15, Chapters 15.02 to 15.48

Agenda: Public Hearing

Recommended Motion: Conduct public hearing and waive the reading of the ordinance in its entirety and read by title only and introduce the ordinance to amend Municipal Code 15.02 to 15.48 and adopt the 2010 California Building Standards Codes

Background: The intent of this public hearing is to consider the adoption of the 2010 California Building Standards Code and our local amendments to these building and fire codes for the City of Grass Valley. The State of California typically updates the Building Standard Code every 3 years as the building industry adjusts to new materials, construction methods and development approaches. In July of 2010, the California Building Standards Commission endorsed and adopted the 2010 California Building Standards Code, Title 24. The approval of the 2010 version of the Building Code prompts all municipalities in the State of California to repeal the older 2007 California Building Standards Code and adopt the 2010 version by January 1, 2011. The codes being recommended for adoption include the 2010 Building Standards Code Title 24 Parts 1 through 12; 2009 Uniform Swimming Pool, Spa, and Hot Tub Code; 2009 International Property Maintenance Code and local amendments. A new requirement for this adoption cycle is the adoption of the Residential Code, whose most significant new code requirement is the installation of a residential automatic fire sprinkler system for all new single family dwellings and duplexes. If the 2010 version of the California Building Standards Code is not approved by a municipality, it becomes automatically adopted for the community without the benefit of local amendments.

As with most communities, the City of Grass Valley approves each updated version of the California Building Code with certain amendments. In preparing for the adoption of the 2010 California Building Standards Code, staff from the City Community Development and the Fire Departments held a series of meetings to discuss any code revisions particular to Grass Valley. City and Fire Department staff still supports our local modifications as they were adopted in past code updates specific to administrative policy such as incorporating the use of the City Fee Schedule and requiring completion of a construction project in two years. Some of the revisions proposed in the Fire Code include adoption of the same appeal process as used in the Building Code, and indirectly linking the requirement for the installation of fire alarms and automatic fire sprinkler systems to the building’s fire flow requirement. Staff has met with representatives of the Nevada County Contractors Association and discussed the local amendments. One of the City goals has been to ensure, to the greatest extent possible, that the Building/Fire Code amendments are consistent with those historically adopted by Nevada County.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GRASS VALLEY CALIFORNIA
REPEALING CHAPTERS 15.02 to 15.48 OF TITLE 15 – BUILDINGS AND CONSTRUCTION
OF THE CITY OF GRASS VALLEY CALIFORNIA MUNICIPAL CODE, AND ADOPTING
CHAPTERS 15.02 TO 15.06 “BUILDINGS AND CONSTRUCTION” WHICH ADOPTS BY
REFERENCE THE CALIFORNIA CODE OF REGULATIONS TITLE 24, 2010 EDITION OF
THE CALIFORNIA BUILDING STANDARDS CODE INCLUDING THE FOLLOWING PARTS:

- PART 1 - California Administrative Code
- PART 2 - California Building Code including listed Appendix Chapters
- Part 2.5 – California Residential Code and listed Appendix Chapters
- PART 3 - California Electrical Code including listed Appendix Chapters
- PART 4 - California Mechanical Code including listed Appendix Chapters
- PART 5 - California Plumbing Code including the listed Appendix Chapters
- PART 6 - California Energy Code including the listed Appendix Chapters
- PART 8 - California Historical Code including the listed Appendix Chapters
- PART 9 - California Fire Code including the listed Appendix Chapters
- PART 10 - California Existing Building Code including the listed Appendix
  Chapters
- PART 11 – California Green Building Standards Code including the listed
  Appendix Chapters
- PART 12 - California Referenced Standards Code including the Appendix
  Chapters
- International Property Maintenance Code including the Appendix Chapters 2009
  Edition

AND AMENDING THOSE PORTIONS OF THE CALIFORNIA CODE OF REGULATIONS
TITLE 24 AS IDENTIFIED HEREIN.

The City Council of the City of Grass Valley does ordain as follows:

SECTION 1: Repeal - Chapters 15.02 thru 15.48 of Title 15 of the City of Grass Valley Municipal
Code are hereby repealed in their entirety.

SECTION 2: Purpose and Authority - The purpose of this Ordinance is to adopt by reference
the 2010 edition of the California Building Standards Code, Title 24 – Parts 1; 2; 2.5; 3; 4; 5; 6; 8;
9; 10; 11 and 12 of the California Code of Regulations, the 2009 International Property
Maintenance Code, and the 2009 Uniform Swimming pool, Spa and Hot Tub Code subject to the
definitions, clarifications, and the amendments set forth in this Ordinance. The purpose of this
Ordinance is also to provide minimum requirements and standards for the protection of the
public safety, health, property, and welfare of the City of Grass Valley. This Ordinance is
adopted under the authority of Government Code Subsection 50022.2 and Health and Safety
Code Section 18941.5.
SECTION 3: Findings of Fact and Need for Modifications to California Building Standards Code - Pursuant to California Health and Safety Code sections 18941.5 and 17958, the City Council of the City of Grass Valley hereby finds that the amendments adopted herein are reasonably necessary because the city has unique local climatic and topographic conditions. These local conditions have an adverse effect on the prevention of (1) major loss fires and (2) the potential for life and property loss, making the changes or modifications in the California Building Standards Code necessary in order to provide a reasonable degree of property security, and fire and life safety in the City. Below are adverse local climatic, geological and topographic conditions that necessitate the modifications to the California Building Standards Code.

A. Climatic Findings of Fact.
   1. The City of Grass Valley weather is mild during the summer when daytime temperatures tend to range in the 70-90 degree Fahrenheit range, and cold during the winter, which daytime temperatures tend to be in the 40-degree Fahrenheit range. The City experiences large temperature variations between night and day during the summer; the difference can be up to 40 degrees Fahrenheit.
   2. The City has a mix of urban population growth interspersed with areas of vegetation growth. Intensive use of land in urban areas means bigger buildings, which can also create complex problems for fire safety.
   3. Average yearly rainfall for the City is approximately 55 inches. This rainfall normally occurs from November to May. Precipitation creates a condition where emergency responders need to drive more cautiously. Snow and ice can be present during winter months, contributing to freezing and slick roadways and resulting in numerous vehicle collisions.
   4. The City of Grass Valley also has a Mediterranean Climate characterized by warm, dry summers that cause an increase in fire risk during the summer and fall months. A significant portion of the City resides in a High Fire Hazard Area, as classified by the California Department of Forestry.

B. Topographical Findings of Fact.
   1. The City is bisected by numerous topographical features including creeks, natural parkways, open space, bridges/overpasses, freeways, drainage canals, wildland and hillside areas. These topographical features significantly impact the ability of emergency responders to extinguish or control wildland or structure fires. The City resides at an elevation varying between 2200 to 2800 feet.
   2. Moderate traffic congestion on the City’s major streets and intersections at peak times acts as a constraint to timely response for fire and emergency vehicles. As a result of increased development both within the City and in the unincorporated area of the County, some roadways and intersections in the City are expected to have significantly increased traffic flow rates in the future. In the event of an accident or other emergency sections of the City could be isolated or response time could be sufficiently slowed so as to increase the risk of injury or damage.
   3. Extended response times for a full fire fighting force to a known fire have the strong potential for increased risk to life and increased property damage and built in fire protection systems such as automatic fire alarm and automatic fire sprinkler systems are necessary, where they are otherwise not required by this code, to limit the threat to life and increased property loss.

C. Summary. The local climatic and topographical conditions affect the acceleration, intensity and size of fires in the community. Times of little or no rainfall, or low humidity and high temperature create extremely hazardous conditions, particularly as they relate to wood shake and shingle roof fires. Grass Valley’s downtown and surrounding areas contain numerous historic and older buildings that are located close together, which can exacerbate the fire condition from dry conditions, wind, and shake shingle roofs. Additionally, the City’s development pattern contributes to its unique fire protection needs as the City is intersected by natural features and is also subject to traffic conditions. Local vegetation contributes to the fire dangers in the City, as the vegetation provides ready fuel for fast-spreading wildfires. These
structures and the flammable material are susceptible to ignition by embers from a wild land fire, furthering the spread of fire to adjacent buildings.

SECTION 4: Chapter 15.02 “Building Standards Codes” of City of Grass Valley Municipal Code is hereby added to read as follows:

**15.02.010 Title.** This Chapter shall be known as the City of Grass Valley Building Standards Code, and may be cited as such, and will be referred to herein as “this Code.”

**15.02.020 Application.** This Code shall be the exclusive source of regulations for all new construction and any alterations, repairs, relocations, or reconstruction of any building or any portion thereof including any electrical, mechanical, gas, plumbing, or fire protection equipment installed on any property or used on or within any building.

**15.02.030 Conflicts with other laws, rules, etc.** In the event of any conflict between this Code and any law, rule or regulation of the State of California, that requirement which establishes the higher standard of safety shall govern. Failure to comply with such standard of safety shall be a violation of this Code.

SECTION 5: Chapter 15.04 “Adoption of Building Standards Codes” of City of Grass Valley Municipal Code is hereby added to read as follows:

**15.04.010 Copy of Building Standards Code and Appendix Chapters.**

A. One copy of the California Building Standards Code is on file with the Community Development Department for use and examination by the public, along with changes, additions and deletions related to the California Building Standards Code as set forth in this chapter. In addition, all subsequent supplements to the California Building Standards and related publications are adopted by reference.

B. When reference in the California Building Standards Code is made to an appendix chapter, the provisions of the said appendix shall not apply unless specifically adopted by this Code.

**15.04.020 California Administrative Code Part 1, 2010 Edition.** Pursuant to Sections 50022.1 through 50022.10, inclusive, of the Government Code, the city council adopts and enacts the 2010 California Administrative Code (California Code of Regulations, Title 24, Part 1 and Appendix) specific to administrative regulations of the California Building Standards Commission (BSC), Department of Housing and Community Development (HCD-2), Office of the State Fire Marshal (SFM), Division of the State Architect (DSA), Office of Statewide Planning and Development (OSHPD), Department of Health Services (DHS), Occupational Safety and Health Standards Board (OSHA), California Energy Commission (CEC), Department of Food and Agriculture (AGR), Department of Youth Authority (AU), et al as adopted by the California Building Standards Commission.

15.04.050 California Residential Code Part 2.5 2010 Edition. Pursuant to Sections 50022.1 through 50022.10, inclusive, of the Government Code, the city council adopts and enacts the 2010 California Residential Code (California Code of Regulations, Title 24, Part 2.5, and Appendix, excluding Appendix Chapter L) based on the 2009 International Residential Code as published by the International Code Council (ICC) and as adopted and amended by the California Building Standards Commission.

15.04.160 Penalties for Violations of this Chapter. A violation of any provision of this Chapter, including the codes adopted herein, is punishable as a misdemeanor and upon conviction may be punished by a fine of not more than one thousand dollars ($1,000) or by imprisonment in the County jail for not more than six (6) months, or both.

SECTION 6. Chapter 15.06 “Amendments to the California Building Standards Code” of the City of Grass Valley Municipal Code is hereby added and shall read as follows:

15.06.010 - Amendments to the 2010 California Fire Code. Set forth below are the local amendments, additions and deletions to the 2010 California Fire Code. Chapter and Section numbers used herein are those listed in the 2010 Fire Code.

Section 1.11.2.1.1 Item 1 - is amended to read as follows:
Subsection 1.11.2.1.1 The responsibility for enforcement of building standards adopted by the State Fire Marshal and published in the California Building Standards Code relating to fire and panic safety and other regulations of the Office of the State Fire Marshal, except as provided in Section 1.11.2.1.2, shall be as follows:
1. The city, county or city and county with jurisdiction in the area affected by the standard or regulation shall delegate the joint enforcement of the building standards relating to fire and panic safety and other regulations of the State Fire Marshal as they relate to Group R, Division 3 dwellings, as described in Section 310.1 of Part 2 of the California Building Standards Code, to the following:
1.1. The Chief of the Fire Department of the City of Grass Valley or an authorized representative.
1.2. The Building Official of the City of Grass Valley or an authorized representative.

Section 105.3.1 “Expiration” is hereby amended to read:
Subsection 105.3.1 Expiration. The maximum allowable length for all construction permits as required by Section 105.7 is 2 years, unless otherwise noted. Extensions will not normally be considered. Applicants with extenuating circumstances may submit written request and a filing fee to the Chief Fire Official. Such requests are required to outline extenuating circumstances that did not allow for the completion of the work as permitted.

Section 105.8 “New Materials, Processes or Occupancies Which May Require Permits” is added to read:
**Subsection 105.8 New Materials, Processes or Occupancies Which May Require Permits.** The Chief of the Fire Department shall determine and specify, after giving affected persons the opportunity to be heard, any new materials, processes, or occupancies which shall require permits, in addition to those enumerated in said code.

**Section 108.1 “General”** is amended to read as follows

**Subsection 108.1 General.** Appeals shall be handled in accordance with California 2010 Building Standards Code, Part 2, Section 113 as amended by the City of Grass Valley.

**Section 113.2 “Schedule of Fees”** is amended to read as follows

**Subsection 113.2 Schedule of fees.** All permit fees, to include Plan Review, Inspection and Special Operations, shall be in accordance with the schedule of fees adopted by resolution of the City Council of the City of Grass Valley from time to time.

**Section 505.3 “Utility Identification”** is hereby added to read:

**Subsection 505.3 Utility Identification.** Gas and electrical meters, services, switches, and shut-off valves in multi-unit commercial and residential buildings shall be clearly and legibly marked to identify the unit or space that it serves.

**Section 506.1 “Key Boxes”** is hereby added to read:

**Subsection 506.1 Key Boxes.** A key box shall be installed in buildings with automatic sprinkler and/or fire alarm systems.

**Section 907.9.6 “Fire Alarms”** is hereby added to read:

**Subsections 907.9.6 False Alarms.** When any fire alarm system sounds an audible alarm or transmits an alarm to a remote location causing an emergency response by the fire department, when no emergency exists, on three or more occasions within a one year period, the owner, tenant, or lessee of the premises may be billed for the cost of the response in accordance with a fee that may be established by resolution of the city.

**Section 3406.2 “Exceptions”** is hereby added to read:

**Subsection 3406.2 Exceptions.**

1. Storage in conjunction with construction projects complying with Sections 3406.2 of this article for which the chief has issued a permit.
2. Tanks used for agricultural purposes complying with Section 3406.2, where the need for on-site fuel is necessary for continued operations, and for which a permit has been issued by the Chief.
3. Existing installations where the Chief has issued a permit for continued use.
4. Service stations, repair garages, oil change facilities and commercial operations which accept the return of used crankcase oil, may be permitted to have one aboveground storage tank of up to a 500 gallon capacity for the purpose of storing used crankcase oil. Section 2211.22

**Appendix B, Section B107 “Automatic Fire Alarm System”** is hereby added to read as follows:

**B107 Automatic Fire Alarm System.** Any structure with a required fire flow of 1,500 to 1,999 gallons per minute shall have installed throughout an approved fully-supervised automatic smoke and/or heat detection fire alarm system in the following categories:

1. New buildings;
2. Existing buildings with new construction exceeding 20% of the gross floor area.
EXCEPTIONS:

2. Buildings that have an automatic fire sprinkler system installed throughout the building.

Appendix B, Section B108 “Automatic Fire Sprinkler System” is hereby added to read as follows:

B108 Automatic Fire Sprinkler System. Any structure with a required fire flow of 2,000 gallons per minute or more shall have installed throughout an approved fully-supervised automatic fire sprinkler system in the following categories:

1. New buildings;
2. Existing buildings with new construction exceeding 20% of the gross floor area

15.06.020 Amendments to the 2010 California Building Code. Set forth below are the local amendments, additions and deletions to the 2010 California Building Code. Chapter and Section numbers used herein are those listed in the 2010 Building Code.

Section 105.5 “Expiration” is amended to read as follows:

Subsection 105.5 Expiration. Every Grading, Building, Fire, Plumbing, Mechanical, and Electrical permit issued by the city under this code shall expire by limitation and become null and void two (2) years after the date of issuance (The maximum allowable length for all permits is 2 years, unless otherwise noted. Extensions will not normally be considered. Applicants with extenuating circumstances may submit written request and a filing fee to the Building Official. Such requests are required to outline extenuating circumstances that did not allow for the completion of the work as permitted.) or if the building or work authorized by such permit is not commenced within 180 days from the date of issuance, or if the building or work authorized by such permit is suspended or abandoned at any time after the work is commenced.

Suspension and/or abandonment shall be determined by a lack of progress inspections for a period of more than 180 days since a previous documented inspection. If a permit has expired, no work can recommence until a new permit is obtained.

105.5.1 - The cost of a new permit, the purpose of which is to facilitate completion of work for which a permit has expired, will be based on a quantitative estimation of inspections deemed necessary for completion. If costs for providing services to the project exceed the estimated fees collected at permit issuance, additional fees will apply. Said fees will be in accordance with the City’s Building Division Fee Schedule established by resolution of the City Council. It is the responsibility of the permittee to schedule all inspections necessary for a permit to remain current and valid. All inspections for this purpose must verify progress.

105.5.2 - Permits may be issued for a limited period of time when deemed necessary by the Building Official to abate dangerous, substandard, and/or illegal conditions. In such cases, the Building Official will establish the expiration at 30, 60, 90, or 180 days depending on the health and/or safety hazards. Such permit team limitations may be shorter if deemed appropriate and/or necessary by the Building Official.

Section 109.2 “Building Permit Fees” Fees is amended to read as follows:

Section 109.2 Schedule of Permit Fees. All permit fees to include Building, Fire, Electrical, Mechanical, Plumbing, and Grading permit fees shall be in accordance with the schedule of fees adopted by resolution of the City Council of the City of Grass Valley from time to time. When a plan or other data are required to be submitted, a plan review fee shall be paid at the time of submitting plans and specifications for review. Plan
review fees will be in addition to building permit fees for building, electrical, mechanical and plumbing work and shall be established by the City’s Building Division Fee Schedule established by resolution of the City Council. Where plans are incomplete or changed so as to require additional plan review, an additional plan review fee shall be charged in accordance with the schedule established by the City Council for such fee.

Section 109.2.1 “Reinspections” is hereby added to read as follows:

Section 109.2.1 Reinspections. A reinspection fee will be assessed for each inspection or reinspection when such portion of work for which inspection is called is not complete or when corrections called for are not made. With regard to reinspection, if the work is not complete and correct at the first reinspection, a minimum reinspection fee which shall be established by resolution of the City Council from time to time, shall be charged for any and all subsequent reinspections for the same work. To obtain a reinspection the applicant shall first pay the reinspection fee(s) which are established by resolution of the City Council. In instances where reinspection fees have been assessed, no additional inspection of the work will be performed until the required fee(s) have been paid.

Section 109.1 “Investigation Fee” is hereby amended to read as follows:

Section 109.4.1. Investigation Fee. An investigation fee, in addition to the permit fee, shall be collected whether or not a permit is subsequently issued. The investigation fee shall be equal to one (1) times the amount of the permit(s) fees required by this code for a first violation and two (2) times the amount of the permit(s) fee(s) required by this code for any subsequent violation. The payment of such investigation fee shall not exempt any person from compliance with all other provisions of either this code or the technical codes nor from any penalty prescribed by law.

Section 109.4 “Work Commencing Before Permit Issuance” is hereby amended to read as follows:

Section 109.4 Work Commencing Before Permit Issuance. Whenever any work for which a permit is required by this code has been commenced without first obtaining such permit, a special investigation shall be made before a permit may be issued for such work.

Section 113 Board of Appeals is amended, in its entirety, to read as follows:

Subsection 113.1 General. The Construction Board of Appeals shall hear and decide appeals of orders, decisions or determinations made by the Building Official or the Chief of the Fire Department relative to the application and interpretation of this Code and provide reasonable determinations of decisions rendered by the officials charged with the responsibility of enforcing the Building Codes adopted by the City of Grass Valley, as amended from time to time including, but not limited to those adopted pursuant to Chapter 15.02 of the Grass Valley Municipal Code.

Subsection 113.2 Qualifications. The Construction Board of Appeals shall consist of five (5) members, all of whom must be residents of Nevada County. The five (5) members shall consist of one (1) civil engineer (in the case of an appeal of an interpretation of the California Fire Code, the engineer shall be a fire protection engineer), one (1) architect and one (1) contractor, and two (2) persons representing the general public. All members shall be appointed by the city council. No city officer or employee shall serve on the Construction Board of Appeals. Three (3) appointees shall serve for four (4) years. Two (2) appointees shall serve for two (2) years. Thereafter, all appointees shall serve for four (4) years.
Subsection 113.3 Limitations on Authority. An application for appeal shall be based on a claim that the true intent of this Code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this Code do not fully apply, or an equally good or better form of construction has been proposed. The Construction Board of Appeals shall have no authority relative to interpretation of the administrative provisions of these codes nor shall the Board be empowered to waive requirements of these codes. Any cost for tests or research required by the Board to substantiate the claim of the appellant shall be the sole responsibility of the appellant.

Subsection 113.4 Building Official Ex-Officio member. The building official for the City of Grass Valley shall be an ex-officio member of the Board, and shall act as secretary of said Board, but shall have no vote.

Subsection 113.5 Rules, Decisions, Legislative Recommendations. The Board shall adopt reasonable rules and regulations for conducting its investigations and render all decisions and findings in writing to the department head with a duplicate copy to the appellant.

Subsection 113.6 Appeals to Board. Any person aggrieved by a decision of the official charged with the responsibility of enforcing those respective codes as enumerated in Section (b) may, within ten (10) working days of the decision appeal to the Board of Appeals for a hearing. The appeal must be in writing and accompanied by a filing fee which shall be established by resolution of the City Council from time to time. The appeal shall be filed with the City Clerk and respective official. A form will be provided at the City Clerk’s office. No other form shall be used. All supporting documents shall be submitted with the form at the time of filing the appeal.

Subsection 113.7 Hearing. The City Clerk shall schedule a hearing within fifteen (15) days of receiving the request for hearing and give notice of the time, place, and subject matter of the hearing on the appeal to the person filing the appeal, subject official whose decision is involved and each member of the Board. The hearing shall be informal. The Board shall announce its decision within five (5) days after the hearing has concluded.

Subsection 113.8 Finality of Decision. The decision of the Construction Board of Appeals hereunder shall be the final administrative decision, and no provision of any ordinance of the City shall be interpreted as permitting a further administrative appeal to the city council or any other city board or commission. Nothing in this section shall be interpreted as providing a request to the city council to amend any ordinance, a change in zoning classification, or an application for relief from a court.

Section 114 “Violations” is amended, in its entirety, to read as follows:

Subsection 114.1 Unlawful Acts. It shall be unlawful for any person, firm or corporation to erect, construct, enlarge, alter, repair, move, improve, remove, convert, demolish, equip, use, occupy or maintain any building, structure, or building service equipment or cause or permit the same to be done in violation of this code and the technical codes as amended and adopted by the city. The use or occupancy of any building in violation of any of the provisions of this code or the technical codes as adopted by the city is declared to be a public nuisance and may be abated in the manner provided by law.

Subsection 114.2 Notice of Violation. The Building Official and his or her deputy inspectors shall be vested with the necessary powers and duties for the exclusive purpose of enforcing provisions of this Code and it shall be their duty to issue any
warnings or citations for violations to serve a notice of violation or order on the person responsible for the erection, construction, alteration, expansion, repair, moving, removal, demolition or occupancy of a building or structure in violation of the provisions of this code, or in violation of a permit or certificate issued under the provisions of this code. Such order shall direct the discontinuance of the illegal action or condition and the abatement of the violation. Any citation issued by the Building Official or deputy inspector shall state the time, date and place the person cited shall appear in court. The appearance date shall be at least ten (10) days after the date of the citation.

Subsection 114.3 Prosecution of Violation. If a notice of violation is not complied with as directed, the Building Official is authorized to request the legal counsel of the jurisdiction to institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the building or structure in violation of the provisions of this code or of the order or direction made pursuant thereto. The Building Official or the deputy inspectors in issuing any citation shall comply with the applicable provisions of the Penal Code Section 853.6 excepting that provision which requires arrest whenever a person has refused to sign the citation in which event neither the Building Official nor any deputy inspector shall take or attempt to take into custody any such person refusing to sign the citation.

Subsection 114.4 Violation Penalties. Any person who violates any of the provisions of this chapter is guilty of a misdemeanor punishable by a fine not to exceed one thousand ($1,000.00) dollars or by imprisonment not to exceed one hundred eighty (180) days, or both fine and imprisonment. Each separate day or any portion thereof during which any violation occurs or continues is a separate offense. The application of the aforementioned penalty shall not be held to prevent the enforced removal of the prohibited conditions.

Subsection 1.11.2.1.1 of the General Code Provisions is amended to read as follows:

Subsection 1.11.2.1.1 The responsibility for enforcement of building standards adopted by the State Fire Marshal and published in the California Building Standards Code relating to fire and panic safety and other regulations of the Office of the State Fire Marshal shall be as follows:

1. City, county or city and county with jurisdiction in the area affected by the standard or regulation shall delegate the joint enforcement of the building standards relating to fire and panic safety and other regulations of the State Fire Marshal as they relate to Group R, Division 3 dwellings, as described in Section 310.1 of Part 2 of the California Building Standards Code, to the following:

   1.1. The Chief of the Fire Department of the City of Grass Valley or an authorized representative.
   1.2. The Building Official of the City of Grass Valley or an authorized representative.

Section 1608.3 “Snow Loads” in Chapter 16 Volume II Structural Design is amended to read as follows:

Subsection 1608.3 Snow loads. The incorporated limits of the City of Grass Valley is declared a snow area. Buildings, other structures, and all portions thereof that are subject to snow loading shall be designed to resist snow loads. Except as provided in this section, snow load requirements shall be pursuant to California Building Code Section 1608A. In no case may the roof snow load be less than 30 psf.
Section J 103 “Permits Required” of Appendix J is hereby amended to read as follows:

**Subsection J103.1 Permits required.** Except as exempted in Section J103.2.2, no grading shall be performed without first having obtained a permit therefor from the City of Grass Valley City Engineer. All approved grading plan submittals shall be included as part building permit plan submittals prior to the issuance of the building permit by the Building Official. A grading permit does not include the construction of retaining walls or other structures.

   1.1. The City Engineer of the City of Grass Valley or an authorized representative.
   1.2. The Building Official of the City of Grass Valley or an authorized representative.

15.06.030 Amendments to the California Residential Code. Set forth below are the local amendments, additions and deletions to the 2010 California Residential Code. Chapter and Section numbers used herein are those listed in the 2010 California Residential Code.

**Subsection R313.3.1.2 “Alarm Required”** is hereby added and shall read as follows:

**Subsection R313.3.1.2 Alarm required.** Local waterflow alarms shall be provided on all fire sprinkler systems required by this code and must be in accordance with NFPA 72 National Fire Alarm and Signaling Code.

15.06.040 Amendments to the 2010 California Electrical Code. Set forth below are the local amendments, additions and deletions to the 2010 California Electrical Code. Chapter and Section numbers used herein are those listed in the 2010 Electrical Code.

**Subsection 89.108.4.2 “Fees”** is hereby amended to read as follows:

**Subsection 89.108.4.2 Fees.** Subject to other provisions of law, the governing body of any city, county or city and county may prescribe fees to defray the cost of enforcement of rules and regulations promulgated by the Department of Housing and Community Development. The amount of the fees shall not exceed the amount reasonably necessary to administer or process permits, certificates, forms, or other documents, or to defray the costs of enforcement. For additional information, see State Housing Law, Health and Safety Code, Division 13, Part 1.5, Section 17951 and California Code of Regulations, Title 25, Division 1, Chapter 1, Subchapter 1, Article 3, commencing with Section 6.

**Subsection 89.108.4.2.1** is hereby amended to read as follows:

**Subsection 89.108.4.2.1 All permit fees to include Building, Fire, Electrical, Mechanical, Plumbing, and Grading permit fees shall be in accordance with the schedule of fees adopted by resolution of the City Council of the city of Grass Valley from time to time.

**Subsection 89.108.4.2.2 “Plan Review Fee”** is hereby amended to read as follows:

**Subsection 89.108.4.2.2 Plan Review Fee.** When a plan or other data are required to be submitted, a plan review fee shall be paid at the time of submitting plans and specifications for review. Plan review fees will be in addition to building permit fees for building, electrical, mechanical and plumbing work and shall be established by the City’s Building Division Fee Schedule established by resolution of the City Council. The plan review fee for grading shall be in accordance with the schedule established by the City Council. Where plans are incomplete or changed so as to require additional plan review, an additional plan review fee shall be charged in accordance with the schedule established by the City Council for such fee.

15.06.050 Amendments to the 2010 California Mechanical Code. Set forth below are the local amendments, additions and deletions to the 2010 California Mechanical Code. Chapter and Section numbers used herein are those listed in the 2010 Mechanical Code.
Section 115.1 "General" is hereby amended to read as follows:

Subsection 115.1 General. All permit fees to include Building, Fire, Electrical, Mechanical, Plumbing, and Grading permit fees shall be in accordance with the schedule of fees adopted by resolution of the City Council of the city of Grass Valley from time to time.

Section 115.3 "Plan Review Fee" is hereby amended to read as follows:

Subsection 115.3 Plan Review Fee. When a plan or other data are required to be submitted, a plan review fee shall be paid at the time of submitting plans and specifications for review. Plan review fees will be in addition to building permit fees for building, electrical, mechanical and plumbing work and shall be established by the City’s Building Division Fee Schedule established by resolution of the City Council. The plan review fee for grading shall be in accordance with the schedule established by the City Council. Where plans are incomplete or changed so as to require additional plan review, an additional plan review fee shall be charged in accordance with the schedule established by the City Council for such fee.

15.06.060 Amendments to the 2010 California Plumbing Code. Set forth below are the local amendments, additions and deletions to the 2010 California Plumbing Code. Chapter and Section numbers used herein are those listed in the 2010 Plumbing Code. The listed sections and subsections are hereby amended as follows:

Section 103.4.1 "Plumbing Permit Fees" is amended to read as follows:

Subsection 103.4.1 Permit Fees. All permit fees to include Building, Fire, Electrical, Mechanical, Plumbing, and Grading permit fees shall be in accordance with the schedule of fees adopted by resolution of the City Council of the city of Grass Valley from time to time.

Section 103.4.2 "Plan Review Fee" is amended to read as follows:

Subsection 103.4.2 Plan Review Fee. When a plan or other data are required to be submitted, a plan review fee shall be paid at the time of submitting plans and specifications for review. Plan review fees will be in addition to building permit fees for building, electrical, mechanical, and plumbing work and shall be established by the City’s Building Division Fee Schedule established by resolution of the City Council. The plan review fee for grading shall be in accordance with the schedule established by the City Council. Where plans are incomplete or changed so as to require additional plan review, an additional plan review fee shall be charged in accordance with the schedule established by the City Council for such fee.

SECTION 7. Severability. If any part of this Ordinance is held to be invalid for any reason, such decision shall not affect the validity of the remaining portion of this Ordinance, and this City Council hereby declares that it would have passed the remainder of this Ordinance if such invalid portion thereof had been deleted.

SECTION 8. Effective Date. This Ordinance shall be in full force and effect thirty (30) days after its passage, but no sooner than January 1, 2011.

SECTION 9. Publication. The City Clerk is hereby ordered and directed to cause this Ordinance to be published in the manner and time required by law.
